"Our subscription-only magazine sets us apart from other expatriate titles. Our members read Nexus in order to avail of the products and services recommended by our editorial team, themselves well-respected figures in the expatriate community with over 40 years combined offshore journalistic experience.

Situated at the front of the magazine, the finance section has gone from strength to strength since its inception in 2002 and is now a fundamental read for our members. We cover all expat-related financial topics, from taxation and banking to healthcare and insurance, ensuring Expat Network's members are always up-to-date on interest rates, new legislation and the latest offers from our advertisers.

Our redesigned website, carries the digital edition of the current month's issue along with regular news updates and useful contact details."
